John Peraino, III
Director of Education

February 11, 2008

To Whom It May Concern:

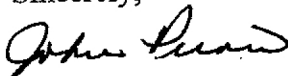

New Jersey Teacher to Teacher has been a professional development provider for over two years to staff, students and parents in the Hawthorne Public Schools in Hawthorne, New Jersey. The evaluations we have received from our staff following their presentations have been excellent.

The workshops we have requested have been designed by New Jersey Teacher to Teacher to directly address the New Jersey Assessment of Skills and Knowledge test data areas we have been in need to target as part of our local professional development plan. Each workshop has been designed to create student based, hands on activities with practical applications for our students.

All of the workshops provided in areas such as Language Arts and Mathematics have given our staff members' resources needed to implement the New Jersey Core Curriculum Content Standards. With the help of New Jersey Teacher to Teacher, we have experienced increased success on the New Jersey Assessment of Skills and Knowledge in our test scores in Mathematics and Language Arts.

Therefore, I highly recommend New Jersey Teacher to Teacher as a staff development provider for your school district.

Sincerely,

John Peraino
